

APPLICATION TO WORK NEAR CONDUCTORS OF OVERHEAD ELECTRIC LINES

Permit No: _____ Allow a minimum of five working days for applications to be processed.

INSTRUCTIONS TO OPERATORS OF CRANES AND OTHER MACHINES WORKING NEAR OVERHEAD ELECTRIC LINES ELECTRICITY (SAFETY) REGULATIONS 2010 - REGULATION 17

You must maintain a minimum distance of 4.0 metres between any part of your machine or its load, and any overhead electric line, unless you have been given specific approval in section (b) of this notice to approach more closely. If approval for this is given, then it applies only to the lines in the street or locality specified and only to your machine while it is operated by you.
